Starting date:

Completion date:

Application for: Type A (PhD students)

Type B (Postdoc)

Total amount requested:

(Please, consult ESSE Budget and Reimbursement Guidelines  
and provide details on the ESSE Expense Form)

Brief summary of the project

Please focus on the project that you plan to carry out abroad, which can obviously be situated within a broader research project if relevant.

Please, add a more detailed outline of your project in an appendix (3 pages maximum). Make sure (for empirical studies) to outline the methodology used or (for library and archive visits) to be as explicit as possible about the holdings you wish to consult. The Bursary Committee should also get a clear view of why your research trip is essential to your project, and why it should have the length of stay you are proposing.
