## Call for Seminar Papers, Panel/Workshop/Roundtable Proposals

Dear Colleagues,

The deadline for submitting proposals for the ESRA 2023 Conference is **1 December 2022**; see the call for seminar papers here: <https://esra2023.btk.ppke.hu/welcome-to-esra2023/call-for-seminar-papers/>, and the call for proposals of panels, workshops or roundtables here: <https://esra2023.btk.ppke.hu/welcome-to-esra2023/call-for-panels-workshops-roundtables/>.

As there is limited time in the conference programme that we can dedicate to panels, we cannot guarantee that all proposals be accepted. We will, however, offer a chance to join seminars to colleagues whose proposals we are unable to fit into the schedule. All applicants will be notified about the acceptance of their proposals **by 15 December 2022**.

**For more information, visit the conference website:** <https://esra2023.btk.ppke.hu/>

Should you have any questions, feel free to contact the organising team at the conference email address ([esra2023@btk.ppke.hu](mailto:esra2023@btk.ppke.hu)).

We are looking forward to your proposals, and even more to meeting you in Budapest in 2023,

The Board of ESRA and the ESRA2023 Budapest Conference Team:

Zsolt Almási, Kinga Földváry, Gabriella Reuss and Veronika Schandl
