#### *Aims and Scope*

The journal aims to showcase the empirical, theoretical and practice-based research of scholars and practitioners in the fields of the humanities, social sciences, arts and design. *Zealos* intends to make its mark on these fields by publishing research papers, essays and creative work, conference and book reviews. Adopting a multidisciplinary approach, we aim to contribute to both local and international literature, showcasing the work of academics and practitioners in the process. The journal particularly welcomes submissions on issues related to Cyprus. Special issues focusing on a specific theme and acting as a connecting point between the various disciplines are also planned. We accept papers in English and Greek. All manuscripts will undergo double-blind peer review by two experts in the relevant field.
